Operational/REDCAP
GRALLSPICE 1

1. At a recent meeting Grallspice 1 requested permission to order the attached list of books from the Russian bookstore, Das Internationale Buch, Vienna I. In view of the possible security implications and also since SOB is in need of Russian literature for a possible safe house library, we told Grallspice that we would obtain the books for his temporary use at our expense through our channels in Vienna.

2. Attached is the list of books which Grallspice 1 has selected for his personal reading and also which he considers suitable reading matter for any future defectees being held in the Salzburg area. It would be appreciated if you could obtain these books for us at your convenience. Inasmuch as Grallspice 1 has translated the titles into English or German, it is suggested that the books be purchased by catalogue number which appears to the left of each selection. The books were chosen from the catalogue of the Leipziger Kommissions-und Grossbuchhandels.
